Free or Reduced Lunch Program

▪ Food Share and Direct Certification for Free School Lunches

Direct Certification is the process which the Slinger School District certifies children who are members of households receiving assistance under the Food Share Program – no application is needed if you receive Food Share benefits.

▪ Free or Reduced Lunch Program based on Income:

Applications are accepted anytime during the school year. If your financial status changes at any time during the year, you may complete an application. Applications from the previous school year expire mid-October of each school year. An updated application based on income must be completed at the start of each school year to keep benefits current.

Strict confidentiality is assured with this system. Students who receive free and reduced price meals are not identified in the lunch or breakfast lines.
