

From the School Nurse

Dear Parents/Guardians,

To ensure that your child has a healthy and safe start to next school year, there may be a few things we'll need from you. If your child has been prescribed any emergency medications such as an Epi-Pen (allergies), Rescue Inhaler (asthma), or Diastat (seizures), the following will be needed at their school:

- Emergency medication with the pharmacy label attached
- Medication consent form signed by parent and prescribing doctor
- Applicable "Action Plan" completed and signed by parent and doctor

****Medication Consent forms and Action Plans may be found on the Slinger Website under the "Family Tab," OTC medicines only need parental signature on consent****

<http://www.slinger.k12.wi.us/family/emergency-action-plans.cfm>

Any medicine brought into the schools whether it be prescribed or over the counter, needs to have a signed consent form on file with their school.

If your child has Diabetes, please make sure you send in a current "Diabetes Medical Management Plan" for 2017/18 school year. This is necessary even if your child self manages. I will be in contact with you to make sure your child has all the necessary supplies needed here at school.

If your child has another health condition that may need to be addressed here at school, please let us know and I will be in contact with you to see what is needed.

I know there is so much information coming your way and the fall is quite a few months away, but I wanted to give you enough time to get these to us by the first day of school. Emergency situations arise when least expected, and we want to be as prepared as possible to keep your child safe.

I will be reviewing these items in mid to late August. Please feel free to call or email me with any concerns. I look forward to hearing from you - have a great summer!
