

STUDENT AND TEACHER PARTICIPATION IN STATE AND NATIONAL COMPETITIONS

Policy 375.1

Page 1 of 1

The Slinger School District encourages and supports excellence in all programs it sponsors. Support of state and national competitive activities shall be within the following limits:

1. The activity is consistent with Board policy and procedures.
2. The activity is a logical extension of, and related to, a school-sponsored program.
3. The activity is sponsored or approved by the Department of Public Instruction, Wisconsin Interscholastic Athletic Association, Wisconsin Forensics Association, Wisconsin Association of School Musicians, Association of Wisconsin School Administrators, or other recognized education agency or authority.
4. Permission to participate in such competitions must be approved by the principal prior to the activity.
5. Funding for participation in state competitive activities may be included in the school budget, and/or may be raised by the school-based team, club, or organization, booster group, service club, foundation, or other similar source, or paid for by the sponsoring organization.
6. All costs associated with student participation in national competitive activities, including entry or participation fees, are the responsibility of the student/parent and/or an approved school-based club/organization, booster group, service club, foundation, or other similar source, or paid for by the sponsoring organization. Appropriate supervision will be provided by the district and may be funded by the district.
