The Board of Education shall observe measures intended to protect the privacy rights of individuals using school locker rooms at any school sponsored activity or on school grounds. The following provisions outline the extent to which that protection can and will be provided:

1. Locker rooms are provided for the use of physical education students, athletes and other activity groups and individuals authorized by the building principal or by District policy. No one will be permitted to enter the locker room or remain in the locker room to interview or seek information from an individual in the locker room at any time. Such interviews may take place outside of the locker room consistent with applicable District policies and/or school rules.
2. No devices can be used to record or transfer images in the locker room at any time.

Students and staff violating this policy shall be subject to school disciplinary action and possible legal referral, if applicable. Other persons violating the policy may be subject to penalties outlined in state law. The building principal or his/her designee shall be responsible for enforcing this policy.

This policy shall be communicated annually and posted in each locker room.
