

Students must be properly immunized against certain communicable diseases as specified by law or rule of the Department of Health and Family Services and any other disease that the Department of Health and Family Services specifies by rule prior to admission to school and shall submit evidence of such within 30 days of admission. Immunization requirements may be waived for an individual student for health or religious reasons.

In cooperation with public health agencies and officials, the Board shall develop and implement a plan to encourage compliance with state student immunization requirements. The plan shall be submitted to the department of health and family services as required by law.
