3K and 4K Preschool programs: September - May

Both programs incorporate God's Word in everyday activities. Daily activities may include singing songs, playtime in learning centers and social skills such as sharing, following directions and self-control. The programs also include academics such as practice with numbers, letters, colors, shapes, and fine-motor skills. The 4K program will prepare the children for kindergarten by providing more challenging activities, pre-reading/writing skills and by encouraging independent work habits.
