## Summer School Student Rules

1. Students are to arrive on the school grounds no earlier than 7:30 a.m.
2. Once at school, students will stay in the Middle School cafeteria until 7:40 a.m.
3. No soda or soft drink will be allowed in the school building during the summer school session. The soda and snack machines are NOT to be used by students.
4. Electronics (game systems, iPods, MP3 players, cell phones) may not be used at school or at recess.
5. Students with cars must register them using the school administration registration form, on the first day of the summer session.
6. Students with cars are to park them in the designated area. They are not to go back to them until they are dismissed for the school day or are given special permission.
7. Students are to stay in their classroom areas or under the direct supervision of teachers during breaks or recesses.
8. Students are not to leave the school grounds at any time unless they have been dismissed to go home or have been given special permission by a summer school administrator.
9. All school grounds are drug-free and tobacco-free zones.
10. In addition to these rules, the individual building rules and bus rules that are enforced during the normal school year are in effect as well.

**Any violation of the above listed rules or any disruptive behavior of any kind can result in the student being suspended from summer school classes or bus services.**

**All summer school classes are held at Slinger Middle School.**

## **2018 ELEMENTARY SUMMER SCHOOL COURSE OFFERINGS:**

**ABT-American Red Cross Babysitter's Training**      Grade 5      Period 1 or 2  
(15 student minimum for each period)

This course is designed to provide youth who are planning to babysit with the knowledge and skills necessary to safely and responsibly give care for children and infants. This training will help participants to develop leadership skills, learn how to develop a babysitting business, keep themselves and others safe and help children behave, and learn about basic child care and basic first aid. Attendance is mandatory. Missing more than 2 classes will result in the student not earning the American Red Cross Babysitter's Training Certificate.

**AOS-AEROSPACE**      Grades 1-5      Period 1 or 2  
(15 student minimum for each period)

Aerospace involves the study of air, space and other related subjects such as weather, flight and astronomy. With the integration of many science and math concepts, teachers use a "hands-on" approach, which will involve experimentation and creative thinking in basic and advanced projects. Students may keep their rockets upon completion of the class.

**ART-ART FLAIR**      Grades 1-5      Period 1 or 2  
(15 student minimum for each period)

Discover Art Flair and express your creative talents! Students will learn to appreciate, enjoy and create art. Create two and three-dimensional art forms using different media: clay, paint, tie-dye, watercolor and plaster. Join us in art to show your "Flair."

**AZM-ADVENTURES WITH A-Z MYSTERIES**      Grades 3-5      Period 1 or 2  
(15 student minimum for each period)

Do you want to be a part of solving mysteries this summer? Come join us using the popular book series, A-Z Mysteries, as we work together to read the books and solve the mysteries. We'll solve riddles to complete weekly scavenger hunts inside and out. We'll also create projects that go with each week's book theme. Don't miss out on all the adventures with A-Z Mysteries!

**BEA-BEADS, BEADS, AND MORE BEADS**      Grades 3-5      Period 1  
(15 student minimum for each period)      Grades 1-2      Period 2

Do you enjoy beading? Do you want to learn how to make your own jewelry? Then this is the class for you. We will be learning how to create beautiful bracelets, earrings, necklaces, and much more. Join us now to make that piece you will treasure forever!

**BKB-BUCKET BLAST**      Grade 5      Period 1  
(15 student minimum for each period)

In this class, students will be taught basic rhythmic knowledge and practice reading musical scores. Students will apply their rhythmic abilities to create their own rhythms and play them while drumming on buckets. The class will work together to create a routine using their rhythms and their own bucket stylings. At the end of the course the class will perform their routine for friends and family.

## **CAC-CAMP A CAPPELLA**

Grade 5

Period 2

(15 student minimum for each period)

A cappella music groups are a growing sensation and now YOU have the opportunity to join one! In this course, students will learn the fundamentals of reading choral music and singing independently. As a class, students will work together and apply their new skills to learn popular a cappella songs. We will conclude the course with a performance open to friends and family. No prior experience is needed for this fun, musical opportunity. Calling all beatboxers!

## **COM-COMPUTER SKILLS**

Grades 3-5

Period 1 or 2

(15 student minimum for each period)

Learn the features of a Google Doc including font size, color, Word Art and more. Create an awesome slideshow using Google Slides. Design a t-shirt and create a greeting card. An introduction to coding will be included in this class as well as time to practice typing skills. This hands-on class will allow students the opportunity to build on their knowledge of computers and educational computer programs.

## **CRM-CREATIVE MINDS**

Grades 1-3

Period 1

### **Games, Crafts, Exercise, & Other Activities**

Grades 4-5

Period 2

(15 student minimum for each period)

Looking for something different to do this year in summer school? Why not give a little bit of everything a try! You won't get bored from day-to-day; Creative Minds outstanding variety of activities guarantees that each day will be something new and exciting. Activities will range from: cooking & baking, crafting & DIY (do-it-yourself) projects, outdoor activities & games, and field trips to local parks and establishments. There will be fun for all ages and genders! Let these be the best 20 days of your summer!

## **EES-ENGINEERING EXPLORATION/STEM DRIVEN**

**(formerly the WOODWORKING class)**

(15 student minimum for each period)

Grades 4-5

Period 1

In this class students will dive into multiple projects and activities to expand their knowledge on the wide world of Science, Technology, Engineering, and Math. Students will spend their summer crafting woodworking projects, creating renewable energy solutions, designing computer coding for robots, 3D printing, and competing in various engineering challenges. Students will have a blast problem solving and using their hands, to create projects that can change the world around them.

## **FIF-FOOD IS FUN!**

Grades 1-2

Period 1

(15 student minimum for each period)

Grades 3-5

Period 2

Do you like to eat? Do you like to cook? Do you practice good nutrition? Learn about eating right and the basics of cooking while preparing many different foods! Join us this summer and become a chef who can make food that will impress your parents! **Due to the popularity of this course, students who have previously taken this class may not be admitted.**

## **GAM-GAME TIME!**

Grades 1-3

Period 1

(15 student minimum for each period)

Grades 4-5

Period 2

How about a day outside with great activities! This course explores all aspects of teamwork as students learn new games stressing physical activity and fun. Learn rules, sportsmanship, cooperation and safety for all types of outdoor games. Don't worry! If it rains, we bring the games indoors.

## **HPC-HARRY POTTER SUMMER CAMP**

Grades 3-5      Period 1 or 2

(15 student minimum for each period)

Alohamora! Open the door to an adventurous summer and prepare to explore the wondrous wizarding world! This summer create potions, play wizard games, make your own school pet, enjoy wizard snacks and much more! Get ready for a fantastic, Harry Potter filled summer!

## **MIM-MINDFUL MOVERS**

Grades 1-5      Period 1 or 2

(15 student minimum for each period)

**Express yourself through kid friendly yoga, dance and mindfulness.** Are you looking for a unique class this summer? This class will give students the tools needed to build their self-confidence, focus and to treat others and themselves with respect. We will have a lot fun, and enjoy a little relaxation all while working on being the best version of our self. Students will need a yoga mat.

## **MSB-TAKE A RIDE ON THE MAGIC SCHOOL BUS**

(15 student minimum for each period)

Grades 1-3      Period 1 or 2

Join Miss Frizzle and all her friends (well not the real Miss Frizzle – the Slinger Miss Frizzle) as we ride through a beehive, travel back to dinosaur times, avoid a volcanic explosion, go deep in the rainforest and get ants in our pants. We will do all this through hands on activities, experiments, crafts, exploration, observation, guest speakers and of course ... TONS OF FUN! We hope you will join us on Slinger's own Magic School Bus this summer.

## **MST-MIDDLE SCHOOL TRANSITION**

Grade 5              Period 2

(15 student minimum for each period)

It's time to move to the middle school, but you can't help but worry about opening your locker, finding your classroom, or making friends with the students from the other schools! No need to worry – help is here! In Middle School Transition, you will get to know the school, practice opening lockers, learn how to make new friends, PLUS find out how to be a successful student through good study practices, organization, and a review of key reading skills.

## **MTH-ADVENTURES IN THE MAGIC TREE HOUSE**

(15 student minimum for each period)

Grades 1-2      Period 1 or 2

Do you want to go on a Magic Tree House adventure this summer? Come join us using the popular book series as we navigate history through these books with a fictional twist. We'll solve riddles to complete weekly scavenger hunts inside and out. We'll also create projects that go with each week's book theme, such as a 3-D ghost town. Don't miss out on all the adventures with the Magic Tree House.

## **NUT-NUTS ABOUT NATURE**

Grades 3-5      Period 1

(15 student minimum for each period)

Grades 1-2      Period 2

Taking nature walks, doing experiments and making art out of the outdoors are just a few of the ways that students will learn about the environment. We play games, take a field trip, use a lot of mosquito repellent, and we learn while doing it!

## **SCI-SCIENCE WONDERS**

Grades 2-3      Period 1

(15 student minimum for each period)

Grades 4-5      Period 2

Students will become paleontologists, engineers, biologists, chemists and forensic scientists by exploring what scientists do: cabbage chemistry, fingerprinting, pond water and water filtering, dinosaurs and comparative anatomy. If the winds are right, you may even watch the "egg drop."

## **SPO-SPORTSmatics**

Grades 4-5    Period 1 or 2

(15 student minimum for each period)

Have fun playing sports while also learning how math fits into them! Sports explored include racing, basketball, baseball, volleyball, bowling, football, hockey, tennis and soccer.

## **STC-STEM CHALLENGE**

Grades 1-3    Period 1

(15 student minimum for each period)

Grades 4-5    Period 2

Are you competitive? Do you like using your brain? Well look no further than this STEM CHALLENGE class! In this class you will use your competitive spirit, along with some brain power to compete in several STEM-based real world challenges. You will test your ability to work with others and problem-solve as a team. You will be required to successfully create business and event plans, budgets, and supply lists. These STEM-based challenges will inspire you to test theories and think outside of the box! Who will run the most successful business? Who will plan the most challenging escape room? Who will win the STEM Olympics? Could it be you?

## **KIN-KINDERGARTEN ABC**

Grade 5K

\*\*Taught by Slinger School District Teachers\*\*

The purpose of this course is to provide kindergartners with additional enrichment experiences as well as review some of the main concepts that were covered during the regular school year. Students will be placed into flexible groupings based on developmental skills and progress made throughout summer school. End of school year assessments will also be considered when meeting needs of each child. This class lasts the entire morning and will include snack time and two short recesses. The students will come every day **Monday through Thursday**. There will be **no school for Kindergartners on Fridays except for the first Friday of the session (June 15th)**.

## **FIRST THRU FIFTH GRADE REVIEW**

Grades 1-5    Period 1 or 2

The purpose of these classes is to provide additional instruction and practice of the grade level basic skills that should have been mastered. The extra help will emphasize math, language arts and reading. Parents should check with their child's teacher and principal to decide whether such additional practice in the basics is advisable.

# 2018 MIDDLE SCHOOL SUMMER COURSE OFFERINGS:

## **BKB-BUCKET BLAST**

Grades 6-7    Period 1

(15 student minimum for each period)

In this class, students will be taught basic rhythmic knowledge and practice reading musical scores. Students will apply their rhythmic abilities to create their own rhythms and play them while drumming on buckets. The class will work together to create a routine using their rhythms and their own bucket stylings. At the end of the course the class will perform their routine for friends and family.

## **CAC-CAMP A CAPPELLA**

Grades 6-8    Period 2

(15 student minimum for each period)

A cappella music groups are a growing sensation and now YOU have the opportunity to join one! In this course, students will learn the fundamentals of reading choral music and singing independently. As a class, students will work together and apply their new skills to learn popular a cappella songs. We will conclude the course with a performance open to friends and family. No prior experience is needed for this fun, musical opportunity. Calling all beatboxers!

## **EES-ENGINEERING EXPLORATION/STEM DRIVEN**

**(formerly the WOODWORKING class)**

(15 student minimum for each period)

Grades 6-8    Period 2

In this class students will dive into multiple projects and activities to expand their knowledge on the wide world of Science, Technology, Engineering, and Math. Students will spend their summer crafting woodworking projects, creating renewable energy solutions, designing computer coding for robots, 3D printing, and competing in various engineering challenges. Students will have a blast problem solving and using their hands, to create projects that can change the world around them.

## **INC-INNOVATIVE CODERS**

Grades 6-8    Period 1 or 2

(15 student minimum for each period)

If you are excited to change the world by using technology, this introductory class is a perfect fit for you! You will be challenged to build your own websites, create apps, games and more. This innovative course will set you up for future success by teaching critical computer science skills through creativity, collaboration, problem solving and fun!

## **LDS-LEADERSHIP AND CHARACTER DEVELOPMENT THROUGH SPORT**

(15 student minimum for each period)

Grades 7-8    Period 1 or 2

Attendees of this class will learn what it takes to be the best version of themselves possible through their involvement in a team sport. Over the course of the year we will use the Phy Ed areas both inside and out to work on "Controlling the Controllables", "E+R=O" (Event + Response = Outcome), "Discipline over Default" and "Person > Player." Along with character development we also learn the importance of personal fitness and nutrition.

## **MSC-MIDDLE SCHOOL CORRECTIVES**

Grades 6-8    Period 1 or 2

The purpose of this program is to give middle school students additional opportunities to complete required course work. **School counselors will notify parents and students if their child must attend summer school.**

## **2018 HIGH SCHOOL SUMMER COURSE OFFERING:**

### **HSC-HIGH SCHOOL CORRECTIVES**

Grades 9-12

7:45 A.M. to 11:50 A.M.

The purpose of the high school course offerings is to give high school students additional opportunities to complete regular courses and earn credits towards graduation. Students must apply through their guidance counselor and must meet the requirements for enrollment as established by the high school's administrators.

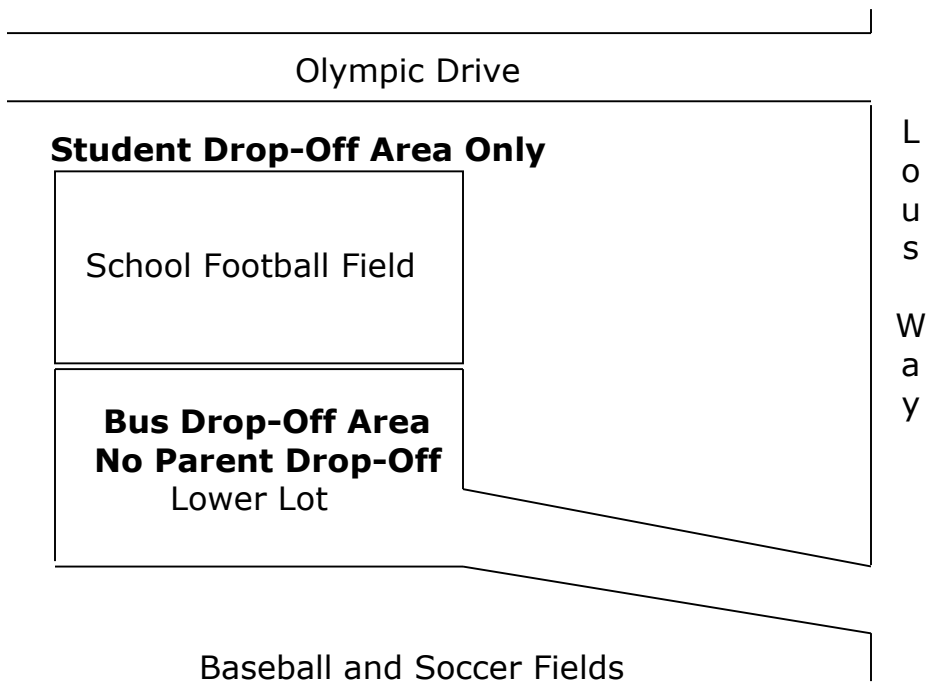

**There is a separate secondary school application form available in the high school office.**

# **\*\*VERY IMPORTANT\*\* DROP-OFF AND PICK-UP PROCEDURES**

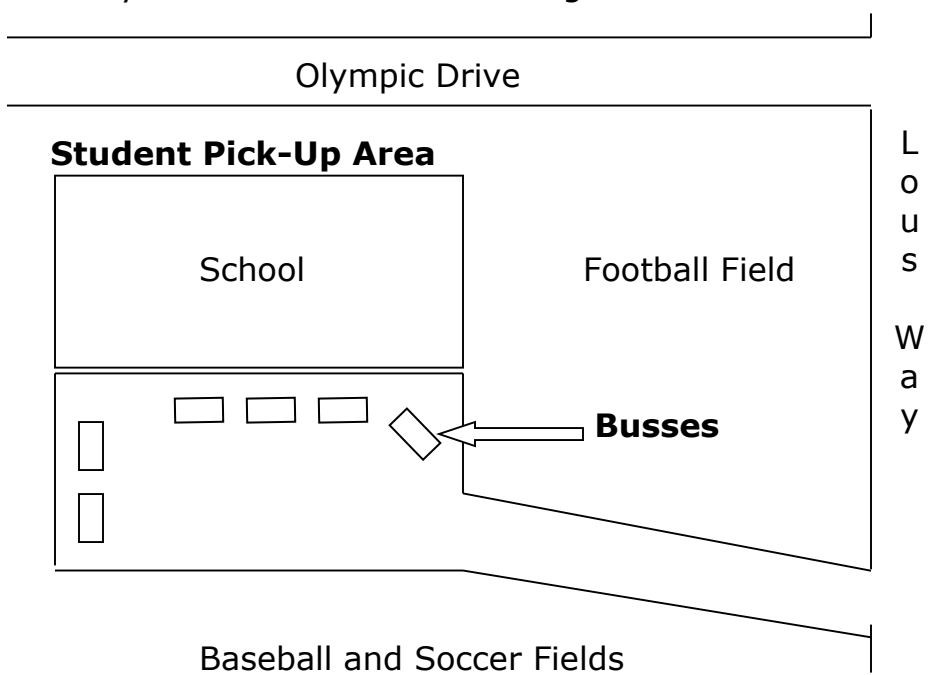

## **Morning Drop-off Procedures**

To ensure the safety of students, we ask parents dropping off students in the morning to use the **Olympic Drive entrance (TOP ENTRANCE) only.**

## **Afternoon Pick-Up Procedures**

Parents may only use the **Olympic Drive entrance (TOP ENTRANCE)** for student pick-up at the end of the school day. The **Lou's Way entrance (BOTTOM ENTRANCE)** will only be used for students riding the busses.

# FREQUENTLY ASKED SUMMER SCHOOL QUESTIONS

**Question #1:** Can I return my registration form(s) before **March 19<sup>th</sup>**?

**Answer:** YES, registration will begin **March 19<sup>th</sup>** and any form returned on or before that day will be entered on a lottery basis. Registration forms will be mixed, shuffled, and pulled at random to ensure all district children will have a fair opportunity to enroll in the more popular classes.

**Question #2:** What grade does my child register for in Summer School?

**Answer:** Summer School is a continuation of the regular school year. Therefore, your son or daughter will register for classes offered to that grade. (ex. Student A was in 4<sup>th</sup> grade during the 2017-2018 school year. Student A will register as a 4<sup>th</sup> grade student for Summer School)

**Question #3:** Who qualifies for Summer School?

**Answer:** Summer School is offered to students that meet one of the following criteria:

- 1) District Resident
- 2) Student currently open-enrolled into the School District of Slinger.
- 3) Student with accepted open-enrollment status for next school year.
- 4) Out of district student, if space is available AND tuition is required.

**Question #4:** Why must I turn my form in no later than **April 19<sup>th</sup>**?

**Answer:** Once classes are set, teachers must be hired, supplies ordered and bus routes established. All of these tasks take time to complete. Late registrants particularly affect bus routes. Therefore, any student who registers after **April 19<sup>th</sup>** will have to use an established bus stop if a seat is available on the bus or parents may be required to provide their own transportation.

**Question #5:** Why must I select **four choices** for each child when I register?

**Answer:** Quite often someone will sign up for a class that is full or for which they do not qualify. In the past, this has meant many phone calls to solve the problem, which causes delays in confirming class lists and creates the problems described in answer #4.

**Question #6:** If summer school is voluntary for most students why is it necessary to call and report a student's absence?

**Answer:** In these days of two-income families, it is possible for a student to miss the bus while his/her parents are at work assuming that he/she is safe at summer school. For younger children this is a definite safety concern and for older children there is a definite behavior concern. Either way, we need your help to make sure that your children are where they are supposed to be. Please use the attendance line (262) 644-9307 to report all absences.

**Question #7:** Why can't I bring my child to summer school on the first day and then expect him/her to ride the bus home?

**Answer:** Students will most likely have a different summer school bus route and driver than during the regular school year. If a parent drops off a child, he/she will not know the new driver and will have no idea which bus to take home. This can be a traumatic experience for your child on the first day of Summer School.

**Question #8:** What if my child needs to be picked up at one location and dropped off at another?

**Answer:** Parents should identify such multiple pick-up and drop-off points on the registration form. The school district will attempt to meet all such requests submitted on the summer school registration forms. All requests for such service after **April 19<sup>th</sup>** should be called in to the bus company office. However, such late requests may not be honored after the summer school bus routes have been determined.

## Enrollment Fees

Slinger uses a variable-fee schedule for classes. Select your classes, refer to the table for class fee and calculate the total fee for both classes.

Code	Description	Fee	Code	Description	Fee
ABT	American Red Cross Babysitter's Training	\$30.00	MIM	Mindful Movers	\$3.00
AOS	Aerospace	\$10.00	MSB	Take a Ride on the Magic School Bus	\$15.00
ART	Art Flair	\$5.00	MTH	Adventures in the Magic Tree House	\$5.00
AZM	Adventures with A-Z Mysteries	\$5.00	NUT	Nuts About Nature	\$10.00
BEA	Beads, Beads, and more Beads	\$20.00	SCI	Science Wonders	\$5.00
BKB	Bucket Blast	\$6.00	SPO	SPORTSmatics	\$5.00
CAC	Camp A Cappella	\$4.00	STC	STEM Challenge	\$10.00
COM	Computer Skills	\$7.00	KIN	Kindergarten ABC	No Fee
CRM	Creative Minds	\$15.00	1GR	First Grade Review	No Fee
DEA	Driver's Education	No Fee	2GR	Second Grade Review	No Fee
EES	Engineering Exploration/STEM Driven	\$20.00	3GR	Third Grade Review	No Fee
FIF	Food Is Fun	\$25.00	4GR	Fourth Grade Review	No Fee
GAM	Game Time	No Fee	5GR	Fifth Grade Review	No Fee
HPC	Harry Potter Summer Camp	\$7.00	MSC	Middle School Correctives	No Fee
INC	Innovative Coders	\$5.00	MST	Middle School Transition	No Fee
LDS	Leadership and Character Development through Sport	No Fee	HSC	High School Correctives	No Fee

### Calculation Worksheet

**Choice 1**

\_\_\_\_\_      \_\_\_\_\_      \_\_\_\_\_  
 Course Code      Course Description      Course Fee

**Choice 2**

\_\_\_\_\_      \_\_\_\_\_      +      \_\_\_\_\_  
 Course Code      Course Description      Course Fee

Total Summer School Class Fee = \_\_\_\_\_  
 (total of both course fees)

The total class fee is the total cost of both classes. For those classes with No Fee, use the value of \$0 for the calculation. Enclose a check for the amount of the total summer school fee with the registration form (make checks payable to **School District of Slinger**) or go on-line into your Skyward Family Access account after submitting the registration form and pay using e-funds (the District's on-line payment system). Please allow two (2) business days from form submission for entry before going on-line to pay.

**EXAMPLE:**

AOS	Aerospace	\$10.00
FIF	Food Is Fun	<u>\$25.00</u>
Total Class Fee =		\$35.00

\_\_\_\_\_  
Date

## Payment Form:

Official enrollment into the chosen courses will not be confirmed or secured until the total summer school fee has been received. All payments must be made before the first day of summer school.

Should the first choice class(es) be at maximum capacity (automatically go to your next choice) or a class not be held due to the minimum class size requirement, a change of payment amount may occur.

If there is an **overpayment**, please indicate how you would like us to resolve the overage by choosing one of the following three options:

\_\_\_\_ Apply refund to my child's lunch account balance.

\_\_\_\_ Keep the amount in my Family Access account as a credit to apply to future school fees.

\_\_\_\_ I am a private school attendee and am requesting a check be sent to me (mid July).

If there is a **balance due**, you will see the transactions listed in Family Access and you will be responsible for the balance due.

### PAYMENT OPTIONS:

CASH: \$ \_\_\_\_\_

CHECK: \$ \_\_\_\_\_ CHECK # \_\_\_\_\_

\*\* If paying by cash or check, please include the payment with your registration forms.

e-FUNDS: \$ \_\_\_\_\_ (a minimal convenience fee will be charged by e-Funds for this service)

\*\* The e-Funds option is available for enrolled students of the School District of Slinger only. All other registrations must pay with cash or check as you are not in our Family Access system.

\*\* Once the classes are posted to your Family Access account you have two (2) days to pay by e-Funds or the class(es) will be deleted from the system.

This payment is for the following students (First and Last name):

---

---

---

---

Please return both the Registration Form and Payment Form (indicating payment method) to:

**SCHOOL DISTRICT OF SLINGER  
SUMMER SCHOOL  
207 POLK STREET  
SLINGER, WI 53086**

If you have any questions regarding the payment process or need assistance with Family Access, please contact the District Office at 262-644-9615. You may also email Wendy Michalski at [wendy.michalski@slingerschools.org](mailto:wendy.michalski@slingerschools.org) (registration and payment process) or Annette Bock at [a.bock@slingerschools.org](mailto:a.bock@slingerschools.org) (Family Access assistance).
