

Andrea Held proudly represented the Slinger Lady Owls in tennis, basketball, and softball from 2008-2012. With three older brothers, she grew up frequently attending Slinger High School sports and dreamed of playing as an Owl someday. Years later, Andrea's dream became a reality complimented by numerous athletic achievements.

Andrea Held was named Team MVP in all three sports for both her junior and senior years. In addition to team recognition, she was a top conference competitor. Although she mainly played singles in tennis, her and her twin sister qualified for the 2011 state doubles tournament, and Andrea earned all-conference honorable mention that same year. In basketball, her hard work earned her all-conference honorable mention as a sophomore followed by two first team all-conference awards, and as a senior, WBCA third team academic all-state. As an infielder in softball, she received second-team all-conference recognition her freshman year and went on to earn first-team all-conference the next three years. Andrea maintained high honors throughout high school and concluded her athletic career with ten varsity letters.

Beyond the opportunity to play the sports she loved, Slinger athletics provided Andrea lifelong friendships, strong work ethic, and valuable life skills. She displayed integrity, perseverance, and leadership both on and off the court as a teammate and friend. She dedicates this award to her coaches, parents, and teammates for their constant encouragement, and would particularly like to thank her twin sister, Emily and her Dad, who always pushed her to be better. Andrea is honored to be a member of the Slinger High School Athletic Hall of Fame and is grateful for the all of the memories from her time at Slinger High School.
