

The Slinger School District encourages all students to become actively involved in a wide range of activities available to students. Co-curricular activities provide an opportunity for students to assume a leadership role, gain recognition and identification, as well as provide a supervised social and emotional outlet. These activities serve as an extension of the normal educational curriculum.

Co-Curricular Code

Rules are established for the best interests of the participants and the program. The participant who chooses to comply with the rules demonstrates a desire to dedicate him/herself to self-improvement, and to enhance the best interests of fellow participants, the program, and the school. All participants must observe these rules twelve months out of each year. Participation in co-curricular activities is a privilege. Choosing not to abide by established rules may result in withdrawal of the student's privilege to participate. Violations accumulate throughout the student's high school experience. School rules and regulations as outlined in the Student Handbook and District policies apply to all students. Students are responsible for understanding all school rules. Rules not covered under the Slinger High School Co-Curricular Code will be governed by WIAA rules. The Co-Curricular Code applies to all alternative forms of student programs.

All students and parents/guardians are required to sign the Co-Curricular Code Form annually prior to participation in any co-curricular activity. **Signing indicates that you will comply with all the rules and regulations of the Co-Curricular Code.**

All initial determinations concerning the eligibility of a student to participate in any of the activities governed by this Code shall be made by the Coach/Advisor, Activity/Athletic Director, or Associate Principal. A suspension/disciplinary action will remain in effect during the Appeal process.

1. Any student who violates the Co-Curricular Code and could be subject to suspension or removal from any or all school activities will be given notice verbally, in writing or both, of the specific grounds for suspension or removal.
2. The student will be given the opportunity to explain his/her position and provide any evidence he/she feels is relevant. The decision to suspend will be based solely on the grounds supported by substantial evidence.

The Appeal Procedure Steps outlined below are the procedures which participants and/or their parents will be expected to follow in appealing decisions relating to eligibility. Suspensions from events are immediate and remain in effect until the appeal process is complete.

1. After a ruling of the ineligibility resulting in suspension from co-curricular activities has been made, a participant and/or his/her parent/guardian may formally appeal the decision and request a hearing with the High School Principal in writing. The appeal must be received within five (5) school days from the date of the decision.
2. Within three (3) school days of receipt of such written appeal, the hearing shall be scheduled by the High School Principal and attended by the student, Athletic Director, Associate Principal and any other person with pertinent information about the event. The Principal, together with input from the Associate Principal, if necessary, will make the decision in regard to the students' eligibility. The student and parent/guardian will be notified as soon as possible of the decision.
3. Following the ruling of the Principal, the student and parent/guardian may appeal in writing to the Principal within five (5) school days and request a hearing with the District Administrator. The Principal will immediately forward the written request to the District Administrator who shall set a date for the hearing within five (5) days after the request for the hearing was delivered to the High School Principal. The Principal, Associate Principal, Athletic Director and any other person with pertinent information may be present to present evidence at the hearing. Likewise, the student and parent/guardian may be present to present the hearing with any other persons or evidence deemed pertinent to the appeal. All persons will be given the opportunity to testify and to question other witnesses. Following the hearing the District Administrator shall render a decision in writing. A copy of the decision shall be mailed to the student and his/her parent/guardian as soon as possible after the hearing. The decision of the District Administrator shall be final and binding on all parties.
