

# **BEN STOLLBERG**

## **Athlete**

**During Ben Stollberg's time as a student-athlete at Slinger High School he enjoyed much success as a three-sport athlete. Football, wrestling, and track provided him with year round opportunities to compete at a high level at the conference, regional, and state levels.**

**In football he was named the team's most valuable player in both 2003 and 2004. He was selected to numerous all-conference and all-area teams. In wrestling he enjoyed leading the team as a three-year captain with his words and actions in both practice and during matches. Aside from participating in the state wrestling tournament in both 2004 and 2005 his proudest accomplishment is never missing a practice in all four years he participated.**

**As a track athlete he enjoyed the freedom that pole vaulting provided and loved participating in the state competitions for both pole vault and sprint events. His greatest accomplishment may have come as a member of the men's track team that, together, won the conference, regional, and sectional championships.**

**Off the field he took great pride in the academic portion of being a student-athlete. He was proud to represent Slinger High School as both a WIAA Scholar Athlete and as a Wendy's High School Heisman finalist. He enjoyed his time as a student athlete as it provided him with experiences and memories that will last a lifetime.**

**Graduated 2005**
