Online Registration Information

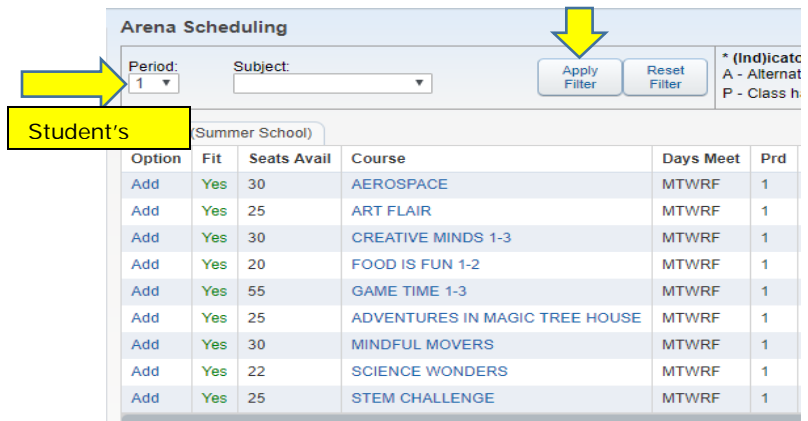

1. Log into your Family Access and select the student you wish to schedule Summer School classes for at the top. On the left side, click on Arena Scheduling.

2. Click on "2018-19" under your student's name.

3. Under "Period" select "1" then "Apply Filter" for the first period options. Click "Add" corresponding to the class selected.

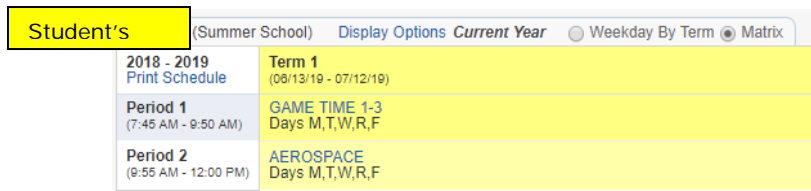

4. Once period "1" is scheduled, click on "2" then "Apply Filter" for the second period options. Select "Add" corresponding to the class you want to select.

5. To check if classes were scheduled, click on "Schedule" on the left.

6. Your child's schedule for Summer School will show up.

Need help registering for Summer School? Stop in the District Office during these dates and times and we will be happy to assist:

March 11, 12, 18, 25 and April 1

7:00 AM – 9:00 AM and 3:00 PM – 4:30 PM

Summer School Student Rules

1. Students are to arrive on the school grounds no earlier than 7:30 a.m.
2. Once at school, students will stay in the Middle School cafeteria until 7:40 a.m.
3. No soda or soft drink will be allowed in the school building during the summer school session. The soda and snack machines are NOT to be used by students.
4. Electronics (game systems, iPods, MP3 players, cell phones) may not be used at school.
5. Students with cars are to park them in the designated area. They are not to go back to them until they are dismissed for the school day or are given special permission.
6. Students are to stay in their classroom areas or under the direct supervision of teachers during breaks or recesses.
7. Students are not to leave the school grounds at any time unless they have been dismissed to go home or have been given special permission by a summer school administrator.
8. All school grounds are drug-free and tobacco-free zones.
9. In addition to these rules, the individual building rules and bus rules that are enforced during the normal school year are in effect as well.

Any violation of the above listed rules or any disruptive behavior of any kind can result in the student being suspended from summer school classes or bus services.

All summer school classes are held at Slinger Middle School.

2019 ELEMENTARY SUMMER SCHOOL COURSE OFFERINGS:

ABT-American Red Cross Babysitter's Training Grade 5 Period 1

(15 student minimum for each period)

This course is designed to provide youth who are planning to babysit with the knowledge and skills necessary to safely and responsibly give care for children and infants. This training will help participants to develop leadership skills, learn how to develop a babysitting business, keep themselves and others safe and help children behave, and learn about basic child care and basic first aid. Attendance is mandatory. Missing more than 2 classes will result in the student not earning the American Red Cross Babysitter's Training Certificate.

AOS-AEROSPACE Grades 1-5 Period 1 or 2

(15 student minimum for each period)

Aerospace involves the study of air, space and other related subjects such as weather, flight and astronomy. With the integration of many science and math concepts, teachers use a "hands-on" approach, which will involve experimentation and creative thinking in basic and advanced projects. Students may keep their rockets upon completion of the class.

ART-ART FLAIR Grades 1-5 Period 1 or 2

(15 student minimum for each period)

Discover Art Flair and express your creative talents! Students will learn to appreciate, enjoy and create art. Create two and three-dimensional art forms using different media: clay, paint, tie-dye, watercolor and plaster. Join us in art to show your "Flair."

BEA-BEADS, BEADS, AND MORE BEADS Grades 3-5 Period 1

(15 student minimum for each period)

Grades 1-2 Period 2

Do you enjoy beading? Do you want to learn how to make your own jewelry? Then this is the class for you. We will be learning how to create beautiful bracelets, earrings, necklaces, and much more. Join us now to make that piece you will treasure forever!

COM-COMPUTER SKILLS Grades 3-5 Period 1 or 2

(15 student minimum for each period)

Learn the features of a Google Doc including font size, color, Word Art and more. Create an awesome slideshow using Google Slides. Design a t-shirt and create a greeting card. An introduction to coding will be included in this class as well as time to practice typing skills. This hands-on class will allow students the opportunity to build on their knowledge of computers and educational computer programs.

CRM-CREATIVE MINDS Grades 1-3 Period 1

Games, Crafts, Exercise, & Other Activities

Grades 4-5 Period 2

(15 student minimum for each period)

Looking for something different to do this year in summer school? Why not give a little bit of everything a try! You won't get bored from day-to-day; Creative Minds outstanding variety of activities guarantees that each day will be something new and exciting. Activities will range from: cooking & baking, crafting & DIY (do-it-yourself) projects, outdoor activities & games, and field trips to local parks and establishments. There will be fun for all ages and genders! Let these be the best 20 days of your summer!

EES-ENGINEERING EXPLORATION/STEM DRIVEN

(formerly the WOODWORKING class)

(15 student minimum for each period)

Grades 4-5 Period 1

In this class students will dive into multiple projects and activities to expand their knowledge on the wide world of Science, Technology, Engineering, and Math. Students will spend their summer crafting woodworking projects, creating renewable energy solutions, designing computer coding for robots, 3D printing, and competing in various engineering challenges. Students will have a blast problem solving and using their hands, to create projects that can change the world around them.

FIF-FOOD IS FUN!

(15 student minimum for each period)

Grades 1-2 Period 1

Grades 3-5 Period 2

Do you like to eat? Do you like to cook? Do you practice good nutrition? Learn about eating right and the basics of cooking while preparing many different foods! Join us this summer and become a chef who can make food that will impress your parents! **Due to the popularity of this course, students who have previously taken this class may not be admitted.**

GAM-GAME TIME!

(15 student minimum for each period)

Grades 1-3 Period 1

Grades 4-5 Period 2

How about a day outside with great activities! This course explores all aspects of teamwork as students learn new games stressing physical activity and fun. Learn rules, sportsmanship, cooperation and safety for all types of outdoor games. Don't worry! If it rains, we bring the games indoors.

HPC-HARRY POTTER SUMMER CAMP

(15 student minimum for each period)

Grades 3-5 Period 1 or 2

Alohamora! Open the door to an adventurous summer and prepare to explore the wondrous wizarding world! This summer create potions, play wizard games, make your own school pet, enjoy wizard snacks and much more! Get ready for a fantastic, Harry Potter filled summer!

MIM-MINDFUL MOVERS

(15 student minimum for each period)

Grades 1-5 Period 1 or 2

Express yourself through kid friendly yoga, dance and mindfulness. Are you looking for a unique class this summer? This class will give students the tools needed to build their self-confidence, focus and to treat others and themselves with respect. We will have a lot fun, and enjoy a little relaxation all while working on being the best version of our self. Students will need a yoga mat.

MST-MIDDLE SCHOOL TRANSITION

(15 student minimum for each period)

Grade 5 Period 2

It's time to move to the middle school, but you can't help but worry about opening your locker, finding your classroom, or making friends with the students from the other schools! No need to worry – help is here! In Middle School Transition, you will get to know the school, practice opening lockers, learn how to make new friends, PLUS find out how to be a successful student through good study practices, organization, and a review of key reading skills.

MTH-ADVENTURES IN THE MAGIC TREE HOUSE

(15 student minimum for each period)

Grades 1-2 Period 1 or 2

Do you want to go on a Magic Tree House adventure this summer? Come join us using the popular book series as we navigate history through these books with a fictional twist. We'll solve riddles to complete weekly scavenger hunts inside and out. We'll also create projects that go with each week's book theme, such as a 3-D ghost town. Don't miss out on all the adventures with the Magic Tree House.

NUT-NUTS ABOUT NATURE

(15 student minimum for each period)

Grades 3-5 Period 1

Grades 1-2 Period 2

Taking nature walks, doing experiments and making art out of the outdoors are just a few of the ways that students will learn about the environment. We play games, take a field trip, use a lot of mosquito repellent, and we learn while doing it!

SCI-SCIENCE WONDERS

(15 student minimum for each period)

Grades 2-3 Period 1

Grades 4-5 Period 2

Students will become paleontologists, engineers, biologists, chemists and forensic scientists by exploring what scientists do: cabbage chemistry, fingerprinting, pond water and water filtering, dinosaurs and comparative anatomy. If the winds are right, you may even watch the "egg drop."

SPO-SPORTSmatics

(15 student minimum for each period)

Grades 4-5 Period 1 or 2

Have fun playing sports while also learning how math fits into them! Sports explored include racing, basketball, baseball, volleyball, bowling, football, hockey, tennis and soccer.

STC-STEM CHALLENGE

(15 student minimum for each period)

Grades 1-3 Period 1

Grades 4-5 Period 2

Are you competitive? Do you like using your brain? Well look no further than this STEM CHALLENGE class! In this class you will use your competitive spirit, along with some brain power to compete in several STEM-based real world challenges. You will test your ability to work with others and problem-solve as a team. You will be required to successfully create business and event plans, budgets, and supply lists. These STEM-based challenges will inspire you to test theories and think outside of the box! Who will run the most successful business? Who will plan the most challenging escape room? Who will win the STEM Olympics? Could it be you?

STR-STEM ROBOTICS

(15 student minimum for each period)

Grade 5 Period 1 or 2

Throughout this course, students will explore the exciting role robotics play in our everyday lives. Various types of robots will be showcased. For the majority of the course, students will collaborate as a team to design, build, modify, program, and compete in a variety of challenges using Vex V5 Clawbot Robots. No prior robot experience is required.

4K-The Learning Continues

Grade 4K

Taught by Slinger School District Teachers

This is our first year of offering our 4K graduates a summer learning opportunity. This class will reinforce 4K skills, allow for structured social skill activities and explore our community through field trips (there will be an extra fee for field trips). We will have snack time to allow the children to practice age appropriate social skills and encourage new friendships. This class will be taught by some of our current 4K teachers and other district staff. The 4K learning and fun continues through the summer.

KIN-KINDERGARTEN ABC

Grade 5K

Taught by Slinger School District Teachers

The purpose of this course is to provide kindergartners with additional enrichment experiences as well as review some of the main concepts that were covered during the regular school year. Students will be placed into flexible groupings based on developmental skills and progress made throughout summer school. End of school year assessments will also be considered when meeting needs of each child. This class lasts the entire morning and will include snack time and two short recesses.

FIRST THRU FIFTH GRADE REVIEW

Grades 1-5 Period 1 or 2

The purpose of these classes is to provide additional instruction and practice of the grade level basic skills that should have been mastered. The extra help will emphasize math, language arts and reading. Parents should check with their child's teacher and principal to decide whether such additional practice in the basics is advisable.

2019 MIDDLE SCHOOL SUMMER COURSE OFFERINGS:

EES-ENGINEERING EXPLORATION/STEM DRIVEN

(formerly the WOODWORKING class)

(15 student minimum for each period)

Grades 6-8 Period 2

In this class students will dive into multiple projects and activities to expand their knowledge on the wide world of Science, Technology, Engineering, and Math. Students will spend their summer crafting woodworking projects, creating renewable energy solutions, designing computer coding for robots, 3D printing, and competing in various engineering challenges. Students will have a blast problem solving and using their hands, to create projects that can change the world around them.

INC-INNOVATIVE CODERS

(15 student minimum for each period)

Grades 6-8 Period 1 or 2

If you are excited to change the world by using technology, this introductory class is a perfect fit for you! You will be challenged to build your own websites, create apps, games and more. This innovative course will set you up for future success by teaching critical computer science skills through creativity, collaboration, problem solving and fun!

MSC-MIDDLE SCHOOL CORRECTIVES

The purpose of this program is to give middle school students additional opportunities to complete required course work. **School counselors will notify parents and students if**

their child must attend summer school.

Grades 6-8 Period 1 or 2

STR-STEM ROBOTICS

(15 student minimum for each period)

Grades 6-8 Period 1 or 2

Throughout this course, students will explore the exciting role robotics play in our everyday lives. Various types of robots will be showcased. For the majority of the course, students will collaborate as a team to design, build, modify, program, and compete in a variety of challenges using Vex V5 Clawbot Robots. No prior robot experience is required.

2019 HIGH SCHOOL SUMMER COURSE OFFERING:

HSC-HIGH SCHOOL CORRECTIVES

Grades 9-12

7:45 A.M. to 11:50 A.M.

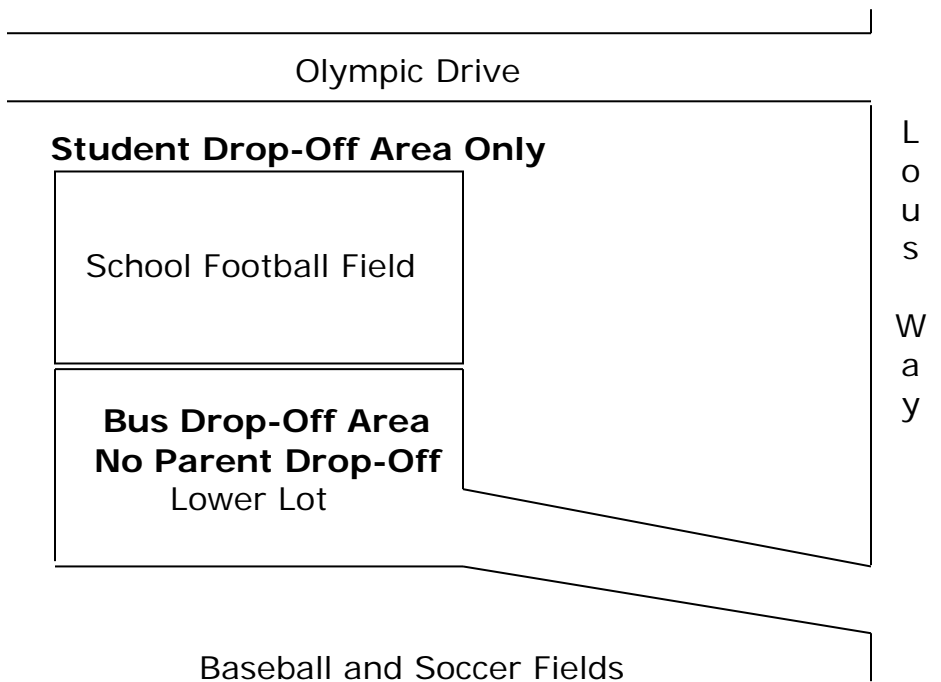

The purpose of the high school course offerings is to give high school students additional opportunities to complete regular courses and earn credits towards graduation. Students must apply through their guidance counselor and must meet the requirements for enrollment as established by the high school's administrators.

There is a separate secondary school application form available in the high school office.

****VERY IMPORTANT** DROP-OFF AND PICK-UP PROCEDURES**

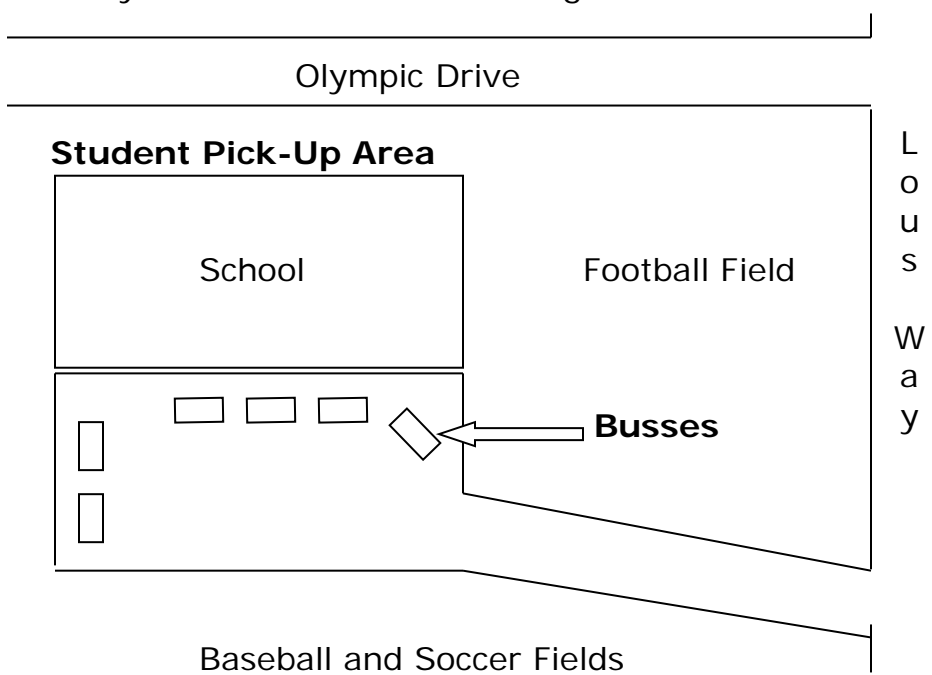

Morning Drop-off Procedures

To ensure the safety of students, we ask parents dropping off students in the morning to use the **Olympic Drive entrance (TOP ENTRANCE)** **only**.

Afternoon Pick-Up Procedures

Parents may only use the **Olympic Drive entrance (TOP ENTRANCE)** for student pick-up at the end of the school day. The **Lou's Way entrance (BOTTOM ENTRANCE)** will only be used for students riding the busses.

FREQUENTLY ASKED SUMMER SCHOOL QUESTIONS

Question #1: What grade does my child register for in Summer School?

Answer: Summer School is a continuation of the regular school year. Therefore, your son or daughter will register for classes offered to that grade. (ex. Student A was in 4th grade during the 2018-2019 school year. Student A will register as a 4th grade student for Summer School)

Question #2: Who qualifies for Summer School?

Answer: Summer School is offered to students that meet one of the following criteria:

- 1) District Resident
- 2) Student currently open-enrolled into the School District of Slinger.
- 3) Student with accepted open-enrollment status for next school year.
- 4) Out of district student, if space is available AND tuition is required.

Question #3: Why must I schedule classes no later than **April 5th**?

Answer: Once classes are set, teachers must be hired, supplies ordered and bus routes established. All of these tasks take time to complete. Therefore, any student who registers after **April 5th** will have to use an established bus stop if a seat is available in the desired class.

Question #4: If summer school is voluntary for most students why is it necessary to call and report a student's absence?

Answer: In these days of two-income families, it is possible for a student to miss the bus while his/her parents are at work assuming that he/she is safe at summer school. For younger children this is a definite safety concern and for older children there is a definite behavior concern. Either way, we need your help to make sure that your children are where they are supposed to be. Please use the attendance line (262) 644-9307 to report all absences.

Question #5: Why can't I bring my child to summer school on the first day and then expect him/her to ride the bus home?

Answer: Students will most likely have a different summer school bus route and driver than during the regular school year. If a parent drops off a child, he/she will not know the new driver and will have no idea which bus to take home. This can be a traumatic experience for your child on the first day of Summer School.

Question #6: What if my child needs to be picked up at one location and dropped off at another?

Answer: Parents will be required to contact Riteway Bus Company after registering via email **IF** your child will be picked up or dropped off at a location other than your assigned daily stop location. Contact Riteway Bus Company at slinger@goriteway.com.

Enrollment Fees

Slinger uses a variable-fee schedule for classes. Select your classes, refer to the table for class fee and calculate the total fee for both classes.

Code	Description	Fee	Code	Description	Fee
ABT	American Red Cross Babysitter's Training	\$30.00	SCI	Science Wonders	\$5.00
AOS	Aerospace	\$10.00	SPO	SPORTSmatics	\$5.00
ART	Art Flair	\$5.00	STC	STEM Challenge	\$10.00
BEA	Beads, Beads, and more Beads	\$20.00	STR	STEM Robotics	No Fee
COM	Computer Skills	\$7.00	4K	4K-The Learning Continues	\$10.00
CRM	Creative Minds	\$15.00	KIN	Kindergarten ABC	No Fee
DEA	Driver's Education	No Fee	1GR	First Grade Review	No Fee
EES	Engineering Exploration/STEM Driven	\$20.00	2GR	Second Grade Review	No Fee
FIF	Food Is Fun	\$25.00	3GR	Third Grade Review	No Fee
GAM	Game Time	No Fee	4GR	Fourth Grade Review	No Fee
HPC	Harry Potter Summer Camp	\$7.00	5GR	Fifth Grade Review	No Fee
INC	Innovative Coders	\$5.00	MSC	Middle School Correctives	No Fee
MIM	Mindful Movers	\$3.00	MST	Middle School Transition	No Fee
MTH	Adventures in the Magic Tree House	\$5.00	HSC	High School Correctives	No Fee
NUT	Nuts About Nature	\$10.00			

After scheduling your student's classes, please allow one (1) business day before going into your Skyward Family Access account (Fee Management Tab) to verify the student charges and make your payment. You may pay either using e-funds (the District's on-line payment system) or by dropping your payment off at the district office, 207 Polk Street (checks payable to School District of Slinger). District office hours are M-F, 7am to 4pm. There is also a drop box located on the outside of the district office doors for after hour deposits.

In order to hold your student's spot in the selected classes, payment must be received no later than 4pm on **April 12th**.
